Dear Mr. Mohler:

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2014-372-T and will be posted on our website under this Docket.

Please let me know if you should require any additional information.

Sincerely,

Subject: Need for Uber

To Whom it May Concern:

I write to ask you to reconsider your recent request for Uber to cease and desist operations. Without getting into the benefits and potential hazards associated with Uber, I ask that you leave the decision with the consumer regarding whether to use the mobile based service. If the SC PSC is concerned about South Carolinian's use of the service, perhaps citizen education, rather than restriction, is the appropriate route.

Thank you for your consideration,

Brit Mohler

To whom it may concern,

Uber has not only saved my life, but saved many of my friends' s and I'm sure other college students like me as well. It provides safe and convenient transportation for people of all ages who have been drinking. I cannot tell you how many times I have been able to convince people to not drive and to call an Uber instead. It is more reliable than any other taxi service in Charleston. Although I am aware that the taxi companies are not thrilled with Uber and have problems with their business and how it is run, without this company I would have more concern for my safety going downtown in Charleston. I am not emailing this as a favor or because of some promotion offer Uber has presented, and I probably have no idea who or what PSC is. But what I do know is that with Uber my friends and I are able to safely roam Charleston without the endless worry of how one will get home.

If you could promise me that you are able to find a reliable driver at 2 in the morning on a saturday night, that arrives in 5 minutes when they say five minutes, then we could talk. But for now removing it would simply be foolish and irresponsible.

Regards,
Kathryn Williams

Dear Commissioners,

It was with dismay I learned of your forbidding Uber to operate in my Palmetto State .

As a consumer I have found Uber to be a safe, convenient method of travel ...I know the Uber driver has gone through more extensive background checks that any cab driver . Before they arrive I see their picture and know how other ridesharers have rated them.

I'm guarenteed a clean safe late model vehicle (due to Ubers safety required inspections) and I know they are covered by a million dollar insurance policy...

The drivers are courteous and focus on service ..I use them in every city in the country I fly to and find equal standards maintained .

I urge you to reconsider and welcome SC into the 21 century

Sincerely

Adams, Hope

Please allow Uber cab to operate in SC. In the Spartanburg area you have to wait hours for a cab. This helps lower drunk driving and helps people get to work easier.

Thanks!
